

In an effort to mitigate these barriers to participation the Company seeks approval to: (1) consolidate and streamline its Business Programs; (2) provide incentives for customers seeking dedicated project management resources; and (3) expand the current offerings for energy efficiency savings associated with changes to operations, maintenance and behavior. To achieve these outcomes, the Company requests the Commission approve a new Electric Service Schedule No. 140, Non-Residential Energy Efficiency ("Schedule 140").

The Company asserts the proposed Schedule 140 consolidates the various programs contained in the current Business Programs and expands energy efficiency incentive offerings. The Company indicates this will reduce administrative complexity and will shift the focus from single project development to a new direction centered on ongoing energy efficiency savings through construction, and improvements to buildings, equipment and operations. The Company represents the program changes occurring with the proposed Schedule 140 are cost-effective and were vetted with the DSM Steering Committee.

On May 22, 2013, the Commission issued a notice of filing and comment period. On May 23, 2013, the Commission issued an action request to the Division of Public Utilities ("Division") for a review of the Company's filing. On June 12, 2013, the Commission received comments from the Division, the Office of Consumer Services ("Office"), and the Utah Association of Energy Users ("UAE"), each recommending approval of the Company's proposed Schedule 140.

In its initial comments, the Office noted that Attachment A of the Company's filing, referring to a table on original Tariff Sheet No. 140.2 is mislabeled. On June 17, 2013, the Company made a filing ("Errata Filing") indicating that in addition to the errors identified by the

Office on tariff sheet 140.2, other tariff language corrections were made to tariff sheets 140.3 and 140.18. The Company represents the Errata Filing corrects these errors. On June 20, 2013, the Office filed comments indicating the Errata Filing corrects the tariff language errors identified by the Office and the Company.

ORDER

Wherefore, pursuant to the foregoing discussion, findings and conclusions made herein, we order:

1. Electric Service Schedule No. 115 - Commercial and Industrial Energy Efficiency Incentives Optional for Qualifying Customers; Electric Service Schedule No. 125 - Commercial and Industrial Energy Services Optional for Qualifying Customers; Electric Service Schedule No. 126 - Utah Commercial; and Industrial Re-Commissioning Program, and Electric Service Schedule No. 192 - Self-Direction Credit are canceled.
2. Electric Service Schedule No. 140 - Non-Residential Energy Efficiency is approved with the modifications to the tariff language in tariff sheets 140.2, 140.3, and 140.18, as contained in the Errata Filing, with an effective date of July 1, 2013.
