Subject: Questar transponder investigation

Dear Commission,

I am writing to comment on the Division's report. I feel it is a fair compromise to have those affected pay only the 6 months of disputed amount previous to the discovery by Questar. We base our monthly usage based on our monthly statement. It would have been an undue burden to have us pay the entire amount for this reason.

Thank you for taking all the facts into consideration. When I read Questar attorney response I felt physically ill. I appreciate the fact that the committee looked at the entire picture.

Thank you,
Michael Johnson
