Below is an inquiry which was received by the Governor's Office of Constituent Services on 01/20/2009. Please respond directly to the constituent and reply to this email with a copy of your response by 2/3/2009.

RECEIVED

Johanna draper Flynn

SUBJECT:

Governor we are trying to help you make Utah a truly green state - by driving Natural Gas Vehicles, like you do, and eliminating the 90% more carbon in the air like regular gas vehicles emit.

Please let the Public Service Committee know that everything possible should be done to encourage MORE use of CNG Vehicles, NOT DISCOURAGE THEM.

we are certainly willing to pay our FAIR share of whatever tax is genuinely FAIR to take care of the roads we do drive on etc. but this new ruling is grossly UNfair and obviously discriminating against us. PLUS it was arrived at in a very devious manner where none of us were even informed that concerns were being addressed.

PLEASE support us as we have hearkened unto YOUR own counsel - WE ARE helping provide cleaner air - not the gas hogs!
