D. Expedited Order Charge

When placing an Access order for service(s) for which standard intervals exist, a customer may request a service date that is prior to the standard interval service date. A customer may also request an earlier service date on a pending standard or negotiated interval Access Order. If the Company agrees to provide the service on an expedited basis, an Expedited Order Charge will apply.

A customer may request a change of end user premises within the same serving wire center. When this occurs, the service date is changed to reflect the standard interval. If the customer requests an earlier service date, an Expedited Order Charge will apply.

Expedited Order Charges will not apply if the revised interval to a pending order is equal to or longer than the standard interval for that service.

Expedited Order Charges will not apply to part-time audio or part-time video.

(C)

When an expedited service date is missed, the Expedited Order Charge will apply unless the missed service date is caused by the Company.

D. Expedited Order Charge (Cont'd)

The Expedited Order Charge is based on the extent to which the Access Order has been processed at the time the Company agrees to the expedited Service Date. A table of these Service Date Intervals is found in the Qwest Corporation Service Interval Guide. The Expedited Order Charge is calculated as follows:

- Based on the Critical Dates associated with the Access Order, as defined in 5.2.3.C., following, the Company will determine the next Critical Date scheduled to be completed on the order.
- Using the table of 5.2.3.E., following, and the Critical Date as determined above, the Company will determine the percent of the provisioning interval not yet completed.
- The Company will apply this percentage to the sum of all the nonrecurring charges associated with the order^[1] and divide this sum by the number of days remaining in the original service interval.
- The per day charges so developed will then be applied on a per-day-of-improvement basis, per order, but in no event shall the charge exceed fifty percent (50%) of the total nonrecurring charges associated with the Access Order.
- The Company will provide the customer with an estimate of the Expedited Order Charge before expediting an order.

[1] Nonrecurring charges associated with the order are used to calculate the Expedited Order Charge even if the nonrecurring charges are waived.

1. Introduction And Description

This filing is being made by Qwest Corporation (Qwest) in its Tariff F.C.C. No. 1, Access Services, Section 5, Ordering Options for Access Services, to revise the Expedited Order Charge application to a per day charge structure. This charge will be applied when the customer requests a service date that is prior to the standard interval service date or when a customer requests an earlier service date on a pending standard or negotiated interval Access Order. The Expedited Order Charge will apply on a per order basis for each day the service date is advanced.

This change is being made at the request of customers who want a simpler and easier to method to expedite their orders and calculate the cost of that expedite.

The Expedite Order Charges are as follows:

	Nonrecurring Charge
Per day advance	\$200.00
Per day advance	\$200.00

for Pricing Flexibility

This tariff will impact the Expedite Order Charge for Non price Cap, Price Cap and Price Flex Services.

2. Rate Development

The Expedite Order Charge was developed utilizing a market based pricing process including proper price positioning with other Qwest and competitors services.

3. Non Price Cap Demand And Revenue Impacts

3.1 Demand Impacts

Qwest projects that Non Price Cap services will experience 178 days that will be charged the Expedite Order Charge. The demand is for a 12 month period from the effective date of this filing.

There are no cross-elastic or complementary demand impacts expected as a result of this filing.

3.2 Revenue Impacts

As a result of this filing, Qwest expects a total interstate revenue increase to Non Price Cap Services of approximately \$35,600. There are no cross-elastic or complementary revenue impacts expected as a result of this filing.

4. Unit Costs

4.1 Overview

This section describes how Qwest developed regional unit costs in support of the Expedite Order Charge. This unit cost section describes the process used to develop the Nonrecurring unit costs and provides a description of the cost Workpaper.

The unit costs developed in this study reflect 2004 cost levels for the Expedite Order Charge. They were developed using an incremental or "bottoms-up" cost methodology. Under this methodology, costs are determined by adding together all of the necessary equipment and/or labor expenses associated with providing the service on a forward looking basis. These costs depict the economic unit cost of offering the service.

4.2 Development of Nonrecurring Unit Costs

When a customer requests the service a one-time cost to provision the service is incurred. The nonrecurring provisioning rate element recovers this cost.

The first step taken in developing the nonrecurring one time labor cost was to identify the various work groups and tasks required to install the service. Next, Qwest estimates were used to develop average labor times per task. Once identified, the average labor times were multiplied by the appropriate labor rates to produce the cost per work group. The sum of all the work group costs produces the total cost.

The labor rates used in this study were developed by applying additional factors to cover administrative expense and business fees that are incurred with the new offering. Administrative expenses include the costs associated with the line and staff operations, which support the new service. Business fees include state level franchise taxes, municipal license fees and occupation taxes.

The work groups involved in providing Expedite Service are listed below along with their associated work functions: (1) Order Processing Wholesale Service Delivery Coordinator – This group serves as the primary order provisioning contact for CLEC's, Interexchange Carriers and Wireless customers who purchase complex wholesale and retail products and services; (2) Order Processing Retail Service Delivery Coordinator – This center interfaces with the customer gathering and processing customer specific information for establishing or terminating products and services. They are responsible for initiating the service order process and negotiating service installation or service termination dates; (3) Loop Provisioning Center (LPC) – LPC ensures customer service order activity is provisioned with outside plant and central office facilities. A request for Manual Assistance is generated when all conditions for customer service cannot be met; (4) Design – Design has overall responsibility for the Record Issue Date completion and assigns interoffice facilities and equipment at the circuit level; (5) Central Office Resource Administration Center (CORAC) - CORAC utilizes "Work Force Administration/Dispatch In" to build installation daily service order logs. Monitors and logs service order progress and completion; (6) Central Office (CO) – CO is

responsible for service connection in the central office and associated testing and administration functions; (7) Load Resource Administration Center (LRAC) – LRAC utilizes “Work Force Administration/Dispatch Out” to build installation daily service order logs. Monitors and logs service order progress and completion; (8) Installation – Performs necessary field work on new orders and changes to existing service; (9) Implementer – The Implementer has overall control responsibility for provisioning, maintaining, coordinating and testing of design services; (10) Manager and Supervisor time is for the additional work and coordination between different organizations that is required to expedite an order.

4.3 Description Of Nonrecurring Workpaper

The nonrecurring charge was developed at a regional level. Workpaper 1 provides a detailed summary of the work groups, work times in minutes, hourly labor rates for each work group and the calculated costs.

5. Price Cap Analysis

Services subject to price cap regulation will also be impacted by this revision in the Expedite Order Charge. Section 61.46(c) of the Commission’s price cap rules requires that a filing proposing a rate restructure demonstrate the effect of converting existing rates to rates that will apply after the restructure takes effect. In order to meet the Commission’s requirements, the first step is to recast base period demand into the new rate structure. This step is discussed in Section 5.1. Next the recast base period demand is multiplied by proposed rates to derive the revenues

under the rate restructure. This step is discussed in Section 5.2. Section 5.2 also discusses rate adjustments that were made in order to bring the restructure within applicable price cap limits.

5.1 Demand Analysis

The proposed rate will be charged on a per order basis for each day the service is advanced. Demand was determined by reviewing the orders that were expedited during the 2003 Price Cap filing period and totaling the number of days each order was advanced.

5.2 Revenue Impact

The tariff revisions proposed in this filing will result in an increase in expedite revenues. In order to stay within the allowable price cap limits, selected Special Access service rates were reduced. These rate adjustments are displayed in Appendix A and Workpaper SP-1. Overall Special Access increased by \$208,026. However, exogenous increases allowed in the 2004 Annual Access Tariff Filing (Transmittal 198) in the amount of \$221,000 were allowed and Qwest chose not to increase rates at that time. Qwest is now using a portion of that amount in this filing.

6. Price Flex

The revision of the Expedite Order Charges will also impact services associated with Pricing Flexibility. However, Section 69.727 eliminates the need to file supporting information discussed under price cap regulation.

7. Description of Workpapers

Workpaper 1 is the Nonrecurring Cost Study for the new Expedite Charge. Appendix A provides a summary of all price cap rate changes. With respect to price cap price changes, Workpapers (SP-1 provides Special Access Detail, and SP-2 provides the Special Access Consolidated Weightings) and the price Cap Tariff Review Plan demonstrate that the Commission's rules with regard to price cap indices have been satisfied.

4. ORDER MODIFICATIONS AND MISCELLANEOUS CHARGES

4.1 GENERAL

4.1.3 CANCELLATION OF APPLICATION FOR SERVICE (CONT'D)

- F. When a customer cancels an order for the discontinuance of service, no charges apply for the cancellation.
- G. If the Company misses a service date due to circumstances over which it has direct control (excluding, e.g., acts of God, governmental requirements, work stoppages and civil commotions), the customer may cancel an order without incurring cancellation charges.
- H. A request for cancellation after completion of an installation will be treated as a discontinuance of service.

4.1.4 EXPEDITE

- A. If a customer desires that service be provided on an earlier date than that which has been established for the order, the customer may request that service be provided on an expedited basis. If the Company agrees to provide the service on an expedited basis, an Expedite Charge will apply. The customer will be notified of the Expedite Charge prior to the order being issued.
- B. If the Company is subsequently unable to meet an agreed upon expedited service date, no Expedite Charge will apply unless the missed service date was caused by the customer.
- C. The Expedited Order Charge will be applied when the customer requests a service date that is prior to the standard interval service date as set for in the Qwest Corporation Service Interval Guide (SIG) on an order or when a customer requests an earlier service date on a pending standard or negotiated interval order.

The Expedited Order Charge, as set forth below, will apply on a per order basis for each day the service date is advanced.

**3. ORDER AND SERVICE MODIFICATIONS
AND MISCELLANEOUS CHARGES**

3.1 ORDER MODIFICATION

The customer may request a modification of an order at any time prior to notification by the Company that service is available for the customer's use. The Company will make every effort to accommodate a requested modification when it is able to do so with the normal work force assigned to complete such an order within the normal business hours of 8 a.m. to 5 p.m.

If the modification cannot be made with the normal work force during normal business hours, the Company will notify the customer. If the customer still desires the order modification, the Company will schedule a new service date. All charges for order modifications will apply on a per-occurrence basis.

The types of order modifications available are delineated in the following paragraphs. These order modifications apply to services that require network provisioning design.

3.1.1 SERVICE DATE CHANGE

Service dates for the installation of new services or rearrangements of existing services may be changed as follows:

If a customer's new requested service date is more than thirty business days after the original service date, the order will be cancelled by the Company and reissued with the appropriate cancellation charges applied, unless the customer indicates that billing for the service is to commence prior to installation. In such instances, the date billing is to commence shall be the 61st day beyond the original service date of the order.

If a customer desires that service be provided on an earlier date than that which has been established for the order, the customer may request that service be provided on an expedited basis. If the Company agrees to provide the service on an expedited basis, an Expedite Charge will apply as set forth in the Private Line Transport Services Price List. The customer will be notified of the Expedite Charge prior to the order being issued.

There may be occasions where due to limitations facilities are not available. In such cases where it is necessary to construct facilities then Special Construction will apply, as set forth as set forth in 3.6, following.

3.1.8 EXPRESS SERVICE

A. Description

Express Service provides access line dial tone prior to the standard installation service date. Express Service offerings will consist of same day installation and next day installation. Express Service will be offered to residence customers.

B. Terms and Conditions

1. Express Service will be offered to residence customers where Company facilities permit.
2. At the discretion of the Company, circumstances may warrant a temporary discontinuance of the Express Service offering.
3. When Express Service is offered, it will be offered as a guaranteed service. THE GUARANTEE WILL BE LIMITED, AND THE SOLE LIABILITY OF THE COMPANY SHALL BE TO APPLY A CREDIT TO THE CUSTOMER'S ACCOUNT EQUAL TO THE AMOUNT OF THE GUARANTEE CREDIT, EXCEPT THAT THE COMPANY SHALL HAVE NO LIABILITY WHERE THE FAILURE IS DUE TO REASONS BEYOND THE COMPANY'S CONTROL.
4. UNDER NO CIRCUMSTANCES WHATSOEVER SHALL THE COMPANY BE LIABLE FOR ANY DAMAGES, WHETHER SUCH DAMAGES BE DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL, AND REGARDLESS OF THE THEORY OF LIABILITY, GREATER THAN THE GUARANTEE CREDIT. FURTHER, THE CUSTOMER INDEMNIFIES AND SAVES THE COMPANY HARMLESS AGAINST ANY AND ALL CLAIMS FOR DAMAGES CAUSED OR CLAIMED TO HAVE BEEN CAUSED DIRECTLY OR INDIRECTLY WHEN AN ESTABLISHED EXPRESS SERVICE INSTALLATION DATE IS NOT MET BY THE COMPANY.

H. Moves (Cont'd)

1. Moves Within The Same Building or Between Buildings on the Same Premises.

When the move is to a new location within the same premises or between buildings on the same premises, the move is the responsibility of the customer. There will be no change in the minimum billing period requirements.

2. Moves to A Different Building

Moves to a different building will be treated as a discontinuance and new installation of service and all associated nonrecurring charges will apply. New minimum period requirements will be established for the new services. The customer will also remain responsible for satisfying all outstanding minimum period charges for the discontinued service.

I. Reestablishment of Service Following Fire, Flood or Other Occurrence

1. Nonrecurring Charges Do Not Apply

Charges do not apply for the reestablishment of service following a fire, flood or other occurrence attributed to an Act of God provided that:

- a. The service is on the same type as was provided prior to the fire, flood or other occurrence.
- b. The service is for the same customer.
- c. The service is at the same location on the same premises.
- d. The reestablishment of service begins within 60 days after Company service is available. (The 60 day period may be extended a reasonable period if the renovation of the original location on the premises affected is not practical within the allotted time period).

2. Nonrecurring Charges Apply

3. SERVICE CHARGES

3.1 MISCELLANEOUS NONRECURRING CHARGES (CONT'D)

3.1.5 INTRALATA SPECIAL SERVICES EXPEDITE CHARGE

1. When placing an IntraLATA special services order a customer may request a service date that is prior to the standard interval service date. A customer may also request an earlier service date on a pending standard or negotiated interval special services order. If the Company determines that service can be provided prior to the standard interval date, the Company will bill the customer an additional charge to expedite the order. The customer will be notified of the Expedite Charge prior to the order being issued.
2. IntraLATA Special Services Expedite Charge is applicable only for IntraLATA special services offerings.
3. Expedites due to natural disasters are exempt from the Expedite Charge.
4. When a customer requests a service date that is prior to the standard interval service date, the Expedite Charge would only apply upon the early completion of the service order. This charge will also apply when a customer requests an earlier service date on a pending service order only upon the early completion of the service order.
5. An Expedite Charge will apply as set forth in the Private Line Transport Services Price List.
6. The Company retains the right to determine if service can be provided on an earlier date.
