ISSUED: September 23, 2008

By the Commission

On June 11, 2008, Impact Telecom, LLC (Impact), petitioned the Commission to amend Impact's certificate authorizing Impact to operate as a provider of resold local exchange services, resold intrastate interexchange telecommunications services and facilities based local exchange services in the State of Utah. By Memorandum dated August 21, 2008, the Division of Public Utilities (Division) provided a summary of its analysis of Impact's request. The Division notes there have been no significant changes to Impact's financial, managerial or technical expertise since it received its original certificate. The Division recommends granting the petition, indicating that adding additional facilities based services will provide an enhanced service opportunities. No other comments concerning the petition have been received.

Based upon the foregoing, we will grant the requested amendment and authorize Impact to provide the additional services.

Wherefore, it is hereby ORDERED that the Certificate of Public Convenience and Necessity issued to Impact Telecom, LLC, on February 8, 2007, is amended to authorize the provision of resold and facilities-based local exchange telecommunications services and resold intrastate interexchange services in the State of Utah.
